Earth & Mineral Sciences Interest House Application For Current Penn State Students

For More Information on the EMS Special Living Option, e-mail Irvin-housing@psu.edu
Or visit http://www.irvin.psu.edu
When you’re done, mail this application to the EMS Student Center, 14 Deike Building, University Park, PA 16802.

Part I: General Information

Name: ________________________________  Gender:  M     F

E-mail Address: ________________________ Current Year:  Fr   So   Jr   Sr (circle one)

Current Academic Major: ________________________________

Local Address: _______________________________ Local Phone: ____________

Home Address: ________________________________ Home Phone: ____________

Part II: In-House and Out-of-House Activities

How did you learn about the EMS Interest House? ________________________________

____________________________________________________________________________

____________________________________________________________________________

Why do you want to become a member of the EMS Interest House? _______________________

____________________________________________________________________________

____________________________________________________________________________

____________________________________________________________________________

What activities are you presently involved in? ________________________________

____________________________________________________________________________

____________________________________________________________________________

____________________________________________________________________________

The House Constitution requires all members of the interest house to remain active in order to remain in the house (see below for the specific excerpt). Do you believe that your obligations to the activities listed above will interfere with your ability to remain active in Irvin Hall? Why or why not? ________________

____________________________________________________________________________
**Part III: Excerpts from the House Constitution Regarding Activity within the Special Living Option**

**Article II, Section i. Definition of Membership**

“Membership requirements for the Interest House are:
   a) To pay House membership fees
   b) To obtain at least two academic, two social, and two community service credits for a minimum total of six credits per semester by participating in such activities.
   c) To participate in at least one session of Phone-a-Thon (only a requirement during the spring semester)
   d) To be actively involved in one committee per semester.”

**Article VI, Section i. Activity Participation**

“If a member does not fulfill all membership requirements [see above] for a particular semester, that member is said to be inactive. The House government may request that Housing remove all inactive members from the Interest House at the end of each semester.”

**Part IV: Signature**

I, _________________, have read the excerpts of the Earth and Mineral Sciences Interest House Constitution provided above. I agree that if I am granted membership in the Earth and Mineral Sciences Interest House, I will be an active house member according to the standards set by the House Constitution. I am also aware that if I fail to remain active, I may be removed from the House and moved to another on-campus dormitory.

Signature                                                Date

Notes: 

*Note: If you haven’t already, don’t forget to request a housing contract through the online request process for next year. Filling out this application does not guarantee you housing…you must go through the contract request process and be granted a permanent contract in order to live in Irvin Hall.*
