How did you learn about the EMS Interest House? ________________________________

________________________________________________________________________

________________________________________________________________________

________________________________________________________________________

Why do you want to become a member of the EMS Interest House? ________________

________________________________________________________________________

________________________________________________________________________

________________________________________________________________________

Part III: Excerpts from the House Constitution Regarding Activity within the Special Living Option

Article II, Section i: Definition of Membership

"Membership requirements for the Interest House are:
 a) To pay House membership fees
 b) To obtain at least two academic, two social, and two community service credits for a minimum total of six credits per semester by participating in such activities.
 c) To participate in at least one session of Phone-a-Thon (only a requirement during the spring semester)
 d) To be actively involved in one committee per semester."

Article VI, Section i: Activity Participation

"If a member does not fulfill all membership requirements [see above] for a particular semester, that member is said to be inactive. The House government may request that Housing remove all inactive members from the Interest House at the end of each semester."
Part IV: Signature

I, ____________________________, have read the excerpts of the Earth and Mineral Sciences Interest House Constitution provided above. I agree that if I am granted membership in the Earth and Mineral Sciences Interest House, I will be an active house member according to the standards set by the House Constitution. I am also aware that if I fail to remain active, I may be removed from the House and moved to another on-campus dormitory.
